

Specifications

Part No.	Description
C2200	Compass — furnished without mounting bracket Installed by Cessna and Piper in existing mounting brackets 12 volt — red lighted
C2200L4	12 volt — white lighted
C2200L4-B	24 volt — red lighted
C2200L4-1	24 volt — white lighted
C2200L4-1B	Use C2200 inner case for above; add SF for southern field
C2300	Non-lighted panel mount; use C2300 non-lighted inner case; add SF for southern field
C2300L4	12 volt — red lighted
C2300L4B	12 volt — white lighted
C2300L4-24	24 volt — red lighted
C2300L4-24B	24 volt — white lighted Use C2300L4 inner case for above; add SF for southern field add an I after L4 on any of the above models for insert nuts in the 4 mounting ears. Additional cost for insert nuts
C2350L4-M23	12 volt — red lighted
C2350L4-M23B	12 volt — white lighted
C2350L4-M23-24	24 volt — red lighted
C2350L4-M23-24B	24 volt — white lighted Use C2350L4-M23 inner case; add SF for southern field
C2400P	Non-lighted pedestal Use C2400W/R inner case for above when Lexan plastic shell is used; add SF for southern field
C2400L4P	12 volt — red lighted
C2400L4PB	12 volt — white lighted
C2400L4P-24	24 volt — red lighted
C2400L4P-24B	24 volt — white lighted Use C2400 W/R inner case for above when Lexan plastic shell is used; add SF for southern field
C2400L4VT	12 volt — red lighted
C2400L4VT-B	12 volt — white lighted
C2400L4VT-24	24 volt — red lighted
C2400L4VT-24B	24 volt — white lighted Use C2400 W/R inner case for above when Lexan plastic shell is used; add SF for southern field
C2400L4T-1BB	24 volt — white lighted Furnished without overhead mounting bracket; use C2400 WO/R inner case; add SF for southern field
C2450L4V	12 volt — red lighted
C2450L4V-24	24 volt — red lighted Use C2200 inner case; add SF for southern field

Inner cases for models above:

Part No.	Description
C2200	Refer to description blocks above for model application
C2400 W/R	
C2400 WO/R	
C2300L4	
C2350L4M23	
C2300 Non-lighted	

Airpath inner case assemblies are factory new and warranted compasses, minus the compensator assembly, light assembly, and mounting brackets and hardware if applicable. Inner case assemblies are offered as an economic alternative to overhauling an unserviceable unit or purchasing the entire compass assembly. User would utilize the above listed components not provided with the inner case from the original compass, if condition is acceptable.

Airpath Compass Parts

Part No.	Description
AP1000	1 qt. compass fluid
C21-100	Diaphragm
C21-400	Compensator
C23-313	Card assembly
C24-550	Red light assembly
C24-550B	White light assembly
C23-805	Card holder
C23-806	Card window
C23-807	Deviation card
C24-730A	Pedestal bracket
C24-727A	Overhead bracket
CB21-232	Jewel post cap
CB21-334	Pivot
CB21-736	Filler cap gasket
CB21-902	Expansion gasket
CB21-913X	Lens
CB21-914H	Sealing gasket
CB21-915G	Spacer gasket
